

Super Bee™ 235

Super Bee™ 235 is an exterior cleaner and polish for aircraft exterior surfaces.

Conforms To

- AMS
 - AMS 1531

Benefits

- Quickly and easily removes carbon, dirt and traffic film from both painted and unpainted surfaces.
- Dries rapidly and completely for easy wipe off.
- Leaves a detergent resistant film to increase gloss and extend corrosion protection.
- Can be used in freezing weather by diluting with ethylene glycol.
- Safe on all common aircraft metals, including aluminum, high strength steel, mild steel, stainless steel, magnesium and copper.
- Does not contain chromates or other heavy metals.
- Surfactants biodegradable.

Properties

- Viscous, light brown liquid
- Mild odor
- Mildly alkaline
- Flash point: 93° C minimum

Notes Prior to Handling

Before using your Cee-Bee® products, all safety and operating instructions should be read and understood. If you have any questions, please contact your Cee-Bee® representative before proceeding.

Use Procedure

Paint Stripping

- Use as received or dilute with as much as 4 parts water.
- For cold weather cleaning, dilute 1:1 with a mix of 1 part ethylene glycol and 4 parts water.
- Apply with non-atomizing spray equipment. Start at lowest point on the surface and work up. Allow to dwell until soil is penetrated, then agitate with mop or cloth.
- When dry, wipe powder from surface with clean mops or cloth.
- If water rinse is used, immediately rinse with a high-pressure water after agitating with a mop or cloth. Rewet with polish if dry areas appear before water rinse.

Safety, Handling, and Precautions

- Will not craze acrylic plastic.
- However, agitation should be avoided since abrasives may scratch plastic surface.
- If separation occurs after dilution or when stored at high temperatures, product may be recombined with agitation.
